CVMA U ONLINE COURSES

We are excited to announce that CVMA U is launching its **Online Education Program** in 2026. You will have the option to take courses specifically designed for the online learning format. Virtual real-time, synchronous, instructor-led virtual presentations will be given. Only a computer and a high-speed internet connection are needed. These courses are worth six (6) RACE credit hours.

ECC Topics for the General Practitioner, facilitated in April by Caroline Tonozzi, DVM, DACVECC, will provide an engaging, case-based approach to emergency and critical care essentials that every veterinarian can apply in practice.

Internal Medicine in Real Life: Practical Strategies for Your Toughest Chronic Cases, facilitated in September by Kelly Cairns, DVM, MS, DACVIM, designed for busy practitioners who want confidence, clarity, and actionable approaches to everyday internal medicine challenges.

Learn more about the courses at <https://www.chicagovma.org/upcoming-ce-events/> or contact Marcy at cvma@chicagovma.org
